MERRY CHRISTMAS AND HAPPY HOLIDAYS TO ALL!

By Joseph Isador / Street Ogden Magazine Editor

It is great to be spending Christmas Holidays with you, our readers. Street Ogden Magazine has published this second annual Christmas Holiday Guide 2025 for you to enjoy. Not only are we joining you in kicking in the Christmas spirit along with all of the festivities that Ogden presents from parades, Santa Runs, Tree Jamborees, parties galore, music and most of all Ogden Christmas Village. And more! This year will be as good as all of the decades before and they seem to get better each year. Ogden is being recognized by a national publication, USA Today as a top Christmas destination. And it is true. Not only locals know this secret but many are making trips to Ogden to enjoy the colorful and amazing Christmas Village and downtown historic districts. Especially children. That is the best part of visiting, it is watching the wide eyed children just taking in the magic of the season. The innocence of children and adults is what it is all about. The magic!

In this issue you will see pictures of all of this from years past and information to guide you to all there is to do in Ogden from Nutcracker to full productions and many party and dining ideas as well. Local shops are all featuring events and sales in their shops. **SHOP LOCAL FIRST!** Go downtown and to our Historic 25th Street and check out the amazing items available most made by local artisans and crafters. Check out our full Shopping Guide that features all of these shops. Follow them on social media and visit often, they are always announcing great new items and specials and are the heart and backbone of our community. That is a spirit of Christmas we all know and love, that is sharing with our family and neighbors and community. Gift giving and receiving is the added bonus. These traditions live deep within us through generations of celebrating our faith and hope in family and community in various ways. We have incredible traditions from the Christmas tree and decorating, to sing-a-longs, to gatherings all through the month with relatives, friends while feeling the brisk air welcoming the season of winter. No matter one's personal beliefs it is contagious and loved by everyone, the feeling of celebration of joy, hope and peace. The original messages. These are universal. May we all have these things in our life along with health and prosperity for ourselves, our city and communities. I know this is what everyone is rejoicing about. We just celebrated being thankful for all of these things and now we can celebrate them. Together!

Thanks for picking up a copy of Street Ogden's Christmas Holiday Guide 2024. We hope you enjoy it and share the happiness of the season with us and we with you. Attend as many productions and events that you can. We will see you there. Bundle up. The Christmas Village is the heart of Christmas in Ogden, magic is in the air. OGDEN CITY CHRISTMAS VILLAGE

HISTORY OF OGDEN CHRISTMAS TRADITIONS

OGDEN CITY – CHRISTMAS VILLAGE AND ELECTRIC LIGHT PARADE HISTORY

In 1961, I have a letter from the Chamber of Commerce (Chairman Len Allen at the time) thanking Ogden City for their assistance with the Christmas Holiday Parade.

As early as 1962, discussions were ongoing about the "Christmas Display in MISSILE Park". It was organized by the Retail Merchants Division of the Chamber of Commerce to develop a gigantic parade and display of animated units. The display was to be added to each year and was expected (even at that time) to receive international publicity. At that time, the retailers and industry people had raised approximately \$20,000 and the City and County had not contributed to this effort. However, discovery was made there was no power available to light the decorations in the park and operate the animated units. It required some 63,000 watts to handle the operation, including a central missile Christmas tree with three revolving colors which alone took 18,000 to 20,000 watts. In 1962, the buildings from the park were actually entries in the holiday parade; such was accomplished by them being mounted on trucks for the Christmas parade on the morning after Thanksgiving. They were then installed in the Missile Park and that evening there was to be a ceremony for the lighting of the display. There was to be a little radio station among the units from which broadcasts were made each day; it was hoped the City would achieve national publicity because it would be something new and outstanding.

In both 1972 and 1973, the Greater Ogden Chamber of Commerce was still in charge of the annual Christmas parade; they indicated it would travel from 21st to 27th Streets along Washington Boulevard at 10:00 a.m. on the Saturday prior to Thanksgiving. About 1972, requests from food vendors and a helium balloon vendor were made to set up booths along the parade route. These were subsequently denied.

In 1975, discussion took place between the Greater Ogden Chamber of Commerce and the Ogden City Council regarding the annual Christmas Parade and the possibility of moving it to after Thanksgiving. It was a highly debated topic, and the item was tabled. One week later, the Council approved the parade to be continued to be held the Saturday before Thanksgiving. Reasoning was given that if the annual Christmas parade were held on the Saturday after Thanksgiving, there would be no way members of local school bands could be required to appear in the parade because the majority would be out of town with their families. At

that time, the suggestion was made by James Thompson, Supervisor of Music Ogden City Schools, for the City to give consideration to changing the nature of the parade for future years and holding a holiday parade which would call attention not only to Christmas, but to Thanksgiving as well. Great debate took place, after which a committee was established to review this annual event. This committee was comprised of retail merchants, Greater Ogden Chamber of Commerce members, members of the City Council, and citizens.

In 1976, the parade still took place at 10:00 a.m. on the Saturday prior to Thanksgiving. As of 1980, the parade was conducted at 2 p.m. in the afternoon of the Saturday before Thanksgiving. The Ogden City Christmas Village Advisory Committee was created in 1983; their first meeting held on a Tuesday, September 27, 1983. Wynn Covio was the Chairman and Lisa Hult, Vice-Chair. The Committee at that time reported they were interested in upgrading the village and making the public more aware of it; however, timing to do so was an issue that first year. They recommended at that time that the lighting of Christmas Village be coordinated with a ceremony and program. They suggested having local community groups perform; including media coverage, and having the Mayor throw the switch to light the village. The Committee also recommended the traditional Christmas parade be held later in the afternoon so the lighting of the village could be coordinated with the parade.

That same year, it was decided that the Christmas Parade would begin at 3:00 p.m. and would run south on Washington Boulevard from 22nd Street to 25th Street and then west on 25th Street to Grant Avenue. With these changes in the parade's time and route, it was able to tie into the lighting of the park ceremonies. The parade ended on 25th Street with a ribbon cutting ceremony, bands and choirs, and was done in connection with the lights being turned on.

In 1986, the Greater Downtown Ogden Association sent notice to the City Council of cancellation of the Christmas Parade in effort to spend the budget funding to update Christmas Village. By 1987, there were 43 entries in the parade; it took place the day after Thanksgiving at 4:30 p.m. with the Christmas Village Opening Gala immediately following at approximately 5:30 p.m. A Christmas Design Plan was unveiled at that time from the Business Development Department through the Downtown Ogden Association. The Plan is detailed but included lighting the trees along Washington Boulevard between 22nd and 27th Streets and various phases to achieve a seasonal difference with banners and an overall package. This included the Christmas Parade to be tied in with the lighting of all the lights and Santa Claus coming to Christmas Village.

In 1988 and 1989, the parade was held on the Saturday after Thanksgiving at 5:00 p.m. It would appear that an annual theme for the event began around this time as well. Christmas Village had stagnated and there had not been a lot of improvements made for several years. In 2002, a new chairperson, Jo Packham, was appointed by Mayor Godfrey. Ms. Packham is

a local business owner and the past president of the Historic 25 Association. She was able to get numerous businesses involved in Christmas Village with both cash and in-kind donations. She also involved volunteer groups and organizations. The result has been the refurbishing of many of the old cottages and donation of many new cottages. The quality of the village improved tremendously. The Village has consistently added new cottages and new sponsors. Each year the Village is better than the previous.

In 2024, we now have 64 cottages.

Christmas Village and Holiday Parade
It was a crisp December day in 1961. Jerry and Maxine Green and their 5-year-old son, Tommy, were standing in the most perfect spot of all for the big Christmas parade. Warmed by their growing anticipation, they eagerly looked for the parade to come. Then suddenly it began with the screaming sirens of the police cars. A big flatbed truck rushed by with Santa Claus waving to the hundreds of children who came to see him. And that was it. That was the end of the Christmas Parade. Tommy's disappointment was overwhelming and Jerry Green knew something had to be done, but what? After many sleepless hours that cold winter night, Jerry Green came up with an idea. An incredible vision! It was that of a "Christmas Village" that would have all of the toy and candy shops you would find at Santa's North Pole home as well as a really big and wonderful Santa Claus Parade. Jerry Green knew the idea was good, but he was worried about how to make it happen. The original cost estimate for this venture was a whopping \$25,000. It was with great trepidation that he approached the town merchants. The response was immediate and enthusiastic. In a matter of weeks, the merchants were out seeking pledges for the village idea. Utah Power and Light pledged to donate the electricity for the lights. Merchants donated materials and it seemed that everyone in the city was pitching in with the construction of the village. On November 23, 1962 the very first Christmas Village and Parade opened Ogden's holiday season. Those involved with the first Christmas Village hoped that it would continue on through the generations, bringing joy to all those who come to visit.

This hope is alive and well today and carried on by a dedicated Christmas Village Committee. It is their goal to continue this wonderful tradition by expanding, improving and refurbishing the winter fantasyland displays.

Our wish is that you and your families make this a wonderful part of your Christmas traditions.

Enjoy the holidays. See you there!

LETTER FROM SANTA : TO MY OGDEN FRIENDS!

Greetings from the North Pole. That's right, Santa is sending an email letter to you all via this incredible new thing called wifi all the way from the North Pole. It's sketchy sometimes but with this new special satellite we have hovering over us 24/7 we can handle the traffic. Now that is kinda sketchy too, but it seems to work fine. Mrs. Santa is teaching me all these things to send and receive messages and letters. Yes, in time you can text your Santa's list to me. Mrs. Santa and the elves are in charge of Santa's workshop. It's a factory really as we are a busy crew these days. More than ever as there are more and more kids every year with bigger and trickier lists. They get more complicated every year but rest assured, we are keeping up with the times and have brought in some technological minded elves to get the job done. I must admit, I miss the days when you kids were happy and satisfied with our homemade toys made out of wood and cloth. We do get some of those out, however, so rest assured we have it all!

I sure look forward to the big day in less then a month to visit your great town of Ogden. It is one of my favorite places in the world to visit for many reasons. It is always a fun challenge for me and my reindeer to fly over your beautiful and tall Wasatch mountains. We make sport of it as if we were in the Winter Olympics. Rudolph especially finds it fun as the red nose reflects off the snow on the mountain tops. But most of all, you folks make the best dang cookies and cakes for Santa. I am serious. You folks know how to bake unlike many modern cities that think Keebler chocolate chips or Oreos are what we want. Now that is an insult. Keebler elves? Come on, Santa has his own elves and they know how to bake old fashioned cookies and cakes. I love your pioneer muffins and cookies and the empanadas made with spicy meats. Oh YA! I spend extra time just to indulge in these wonderful treats. And you can be sure that I always give an extra gift to those homes that make that effort! But please, less snickerdoodles. They give poor old Santa a tummy ache. Your oatmeal, raisin and walnuts are very good for an old man's system.

You think because you can hide behind technology and your fancy iPhones and such that Santa does not know who is naughty or nice? Think again. That just makes it easier for me to know what's going on with you. We know this stuff! Well, thanks to my Millennials, GenX & now even GenZ elves. In Ogden, you are mostly nice kiddos though. I have hope though for the rambunctious ones of you and even though you may get a lump of coal this year, know that there is redemption with Santa and next year I will reward you. Less shenanigans please, okay? So be nice!

NUTCRACKER

Imagine Ballet New Conductor

Imagine Ballet @ Peery's Egyptian Theater Ogden

By Gabriella Hatch

With Christmas coming soon, many people are beginning to make plans for their holiday season by filling their schedules with family time and festivities. 'Tis the season for classic traditions, such as Christmas lights, leaving milk and cookies out for Santa, and making snow angels and snowmen. Another way to celebrate the season is watching holiday shows and performances. The Nutcracker is practically synonymous with the activities previously mentioned. Imagine Ballet, a nonprofit dance company here in Ogden, has been keeping their tradition of presenting this holiday story for the last 18 years. This year, the company has brought a new conductor to the production. His name is Nathan Fifield.

Raymond Van Mason, the artistic director for the show, provided Street Ogden with Nathan Fifield's biography, which reads, "Conductor Nathan Fifield has led orchestras at many ballet companies including the National Ballet of Canada, San Francisco Ballet, Pennsylvania Ballet, Tulsa Ballet, Ballet West and others. As a pianist, Nathan's ballet class albums have charted on the Billboard's Classical Top 40 and are streamed at dance studios around the world. He lives in Bountiful with his wife

Lisa and daughters Kate and Jane." With so much experience under Mr. Fifield's belt, the music for this year's production of The Nutcracker will undoubtedly pull audiences into Clara's magical adventure.

Imagine Ballet first opened for operation in 2004 as a nonprofit. Their mission is "to inspire and enrich our community through the art of ballet. We strive to provide exceptional training for dancers of all ages and abilities, from our school to our pre-professional and professional companies." Imagine Ballet commits to presenting high-quality performances, fostering a culture of creativity, and supporting the growth and development of their dancers, staff, and community. In 2005, the company won the Best of State Children's Performing Group Award, which brought local, state, and national recognition to their work. Ballet has several physical and mental health benefits. Dancers will gain improved overall physical health while acquiring self-confidence, discipline, enhanced creativity, and socialization skills.

The Nutcracker, presented by Imagine Ballet Theater at Peery's Egyptian Theater will run for a total of five days and seven performances. It is about a young girl named Clara who is gifted a nutcracker for Christmas and pulled into a magical night. Lobby doors open

one hour before showtime, and house doors open 30 minutes before showtime. Door times are subject to change. Special notes for the performances mention that all sales are final, no babes in arms are allowed, and all people ages 2+ may attend. Ticket prices begin at \$18 each and increase for seating closet to the stage at \$32 each. Some dates have matinee performances for those unable to attend evening shows. Look below for the dates and times for this upcoming holiday season. WHY SHOP LOCAL

There are many reasons to shop local. My favorite and most important is the sense of community that is created by supporting and getting to know local ma & pa shops. In the old, olden days all shopping was done local by merchants that were specific to the needs of the community and supplied by the community close by until trains and other transportation would bring goods into shops, but still local owners. We had a butcher, baker, candlestick maker, banker, grocer, hardware store, saddle maker, dress or suit clothier, and on it went with someone to handle and service all of the needs of the day. Folks would head to town for provisions once a week or month. What they didn't get at the market they would barter their goods or services with neighbors and local farms with whatever their specialty was at the time. Perhaps their garden yielded extra produce or dairy cows made surplus milk, eggs or some made honey, the list goes on and it

was all natural and healthy. That is still in existence today even in these modern times as are local and unique specialty shops and markets. These now compete with big box national chains and online shopping accelerating every decade and putting many types of shops out of business. Bookstores for one took a hit by online purchasing and digital books. That charm of shopkeepers and the relationship is often ignored or overlooked. We are lucky here in Ogden to have so many shops that are original and being run and operated by the owner and staff, often family. We don't have to look too far if we just simply look and have the mentality of shopping locally. Each has their own flair and style. Some actually make their goods themselves or bring in goods from local artisans or builders. We at Street Ogden support local all the way and our theme is, "Shop Local First." You will see that in our guides, calendars and articles that introduce new local shops each season.

It is evident that in our times that there are some things only available from the big box stores such as household goods or medicines for example. But when it comes to gift giving or home decor for example there are so many local choices. Even food is being provided more and more by local and smaller markets that represent local growers. It is the same for dining. Some areas of our county are overrun by national chain restaurants or franchises. Some are really good and worth supporting. Yet, we have so many family or local owned restaurants in every type of cuisine imaginable. Ogden is known for the excellent homemade quality cooking and dining right in the heart of downtown and in our historic 25th street district. We now even have many choices for beer brewing and liquor distilling readily available. Consider to choose from local FIRST when looking for bread, honey, produce, gifts, beers, liquor, and gift and home items. So many other categories as well.

I do one trip a month to a big box store for toiletries, and other items not available in a local shop. One needs to know what is available. That is why we provide full guide lists in our quarterly magazine for shops, dining, night spots, and other services. Our calendars show the events done by local productions done by our own companies performing for our community as well as local bands and musicians all in local venues, restaurants, bars or clubs. It is more than financial yet that is a big part of it too. Shopping at local independent retailers creates more revenue for local businesses and more local jobs. Statistics show this to be true. When you support Small Business Season and Shop Local, you are supporting your neighbors and they are more likely, in turn, to keep the money you spent with them local as well (for every \$100 spent locally, \$68 of it stays local). It makes sense financially but I believe the community bonding is the most important of all. By Ron J Atencio
